

# TD Merchant Gift Card Designs

Thank you for considering the TD Merchant Gift Card program for your business. To help promote and advertise your business brand on your cards, you have the option of adding your logo AND/OR additional text in either black & white OR colour.

**Important: To ensure your logo is clearly printed on your cards, you must submit artwork that meets the following criteria:**

- High Resolution Image – minimum 300 DPI recommended
- Maximum 8 MB size
- JPEG, GIFF or PNG format only
- For best results: 1,000 X 600 Pixels

**Note:** We recommend you work with your existing graphic designer to ensure your logo meets these requirements. If you don't have a graphic designer, work with one in your area or consider having your company's name printed on the cards as text.

The images below show the card designs available to order. **Note:** When printing coloured logo and/or text, only card images with available white space can be selected.

Listed below are the quantity of cards available to be ordered and the applicable cost:

Card Quantities	Black/White Printing	Colour Printing
200	\$370	\$430
500	\$875	\$1,025
1,000	\$1,600	\$1,900
2,500	\$3,750	\$4,500
