# Who would use this guide?

You would use this guide if you perform pre-authorizations during the course of your daily business.

## Financial Transactions

The TD Desk 5000 and TD Move 5000 terminals can perform the following pre-authorization transactions:  
Pre-authorization (Create Pre-Authorization, Pre-Auth Completion).

- Depending on your terminal settings, you may be required to enter a supervisor ID and password to proceed with any transaction.
- Pre-authorizations can only be performed with credit cards.
- If the receipt has a signature line on it, the customer **must** sign it.
- If pre-authorizations are not already enabled on your terminal, you can contact the TD Merchant Solutions Help Desk at **1-800-363-1163** to have them enabled.

## Pre-authorization icons

To start a pre-authorization you must use the appropriate icon to ensure that it is processed correctly.

Transaction	TD Desk 5000, TD Move 5000
Pre-Authorization	
Pre-Authorization Completion	

## Open a pre-authorization

Use this option to confirm that the pre-authorized amount is available on the credit card and then place a hold on it.

1. Tap the **Pre-Auth** icon.
2. Enter the **amount** and press **OK**.
3. Confirm the amount (**Cancel** or **Enter**).

### Tap

- a) The customer **taps** their contactless-enabled credit card on the contactless card reader. Go to step 4.

### Insert card

- a) Enter the **PIN** and press **OK**. Go to step 4.

### Swipe card

- a) Indicate if the card is **<Other Card>** or **UnionPay** press **OK**.  
If you selected UnionPay, enter the **PIN** and press **OK**. Go to step 4.

### Manually enter credit card

- a) Enter the **card number** and press **OK**.
  - b) Enter the expiry day (**MMYY**) and press **OK**.
  - c) Indicate if the card was present for the transaction: **Yes** or **No**.
  - d) Enter the **CVD** number and press **OK**. Go to step 4.
4. The transaction is approved and no receipt is printed at this time.

## Close a pre-authorization

Use this option to release the pre-authorized amount on the credit card so that the customer can now use that amount to pay their bill.

1. Tap the **P-A Comp.** icon.
2. Select the desired search method to locate the pre-authorization.
3. Enter the information you wish to use to search for a transaction and press **OK**. The transaction is displayed with all the information. Press **OK** to complete this transaction.  
If multiple transactions are displayed, use the arrow keys on the screen to scroll to the desired one and press **OK**.
4. Confirm this selection (**Yes** or **No**).
5. Confirm the sale amount (**Accept** or **Change**).

If you select change, enter the new amount and press **OK**. This amount cannot be higher than the pre-authorization amount.

- You cannot charge more than the original amount. To charge more than the original you must void the existing pre-authorization and then create a new pre-authorization for the new higher amount.
- If you currently complete Pre-Authorization transactions that include a Tip, you should use the Purchase transaction type with tips enabled.

6. The transaction is approved and the receipts print.

We also recommend the following:

- Complete all Pre-authorization transactions daily or as frequently as your business allows.
- If you do not complete Pre-Authorization transactions daily, we recommend that you print open Pre-authorization reports once a day.

# Reporting

## Business day reports

### *Open-Pre-Auth report*

This report shows open pre-authorizations by card type and operator ID.

1. Press the **OK** key → Reports → Open-Pre-Auth.
2. Determine how you wish to access the report: **Print** or **Display**.
3. Determine how you want to sort the information: **Date/Time**, **Invoice #**, or **Card Type**.

## Customizing the day close report

The Open Pre-Auth Report can be enabled or disabled for automatic printing during the **Day Close** transaction. To do this, you must contact the TD Merchant Solutions Help Desk at **1-800-363-1163**.

# Configuration

There are no options for pre-authorizations that you can enable via the terminal's control panel. Please call the TD Merchant Solutions Help Desk to do the following:

- enable pre-authorizations and display pre-authorizations on your terminal
- password protect the following: opening pre-authorizations, completing pre-authorizations, and accessing the the Open-Pre-Auth Report
- change the number of days that a pre-authorization can remain open before it must be closed (default is 30 days)

# Troubleshooting

Error Codes	Explanation	Action Required
Amount exceeds card balance	If a pre-paid card is used for a pre-authorization and the amount on it is insufficient to cover the entire amount.	Customer must use a different payment method.
Exceeds amount authorized	Displays if Pre-Authorization Completion amount exceeds the original pre-authorized amount.	Enter an amount that is equal to or less than the original pre-authorized amount.
Pre-auth limit reached. Post or Void pre-auths to open more	You have reached the maximum of 100 open pre-authorizations.	Complete or void an existing pre-authorization to make room.
Pre-auth existing	A function has been attempted that requires pre-authorizations must be closed such as entering demo mode or changing a parameter.	Delete the open pre-authorization or perform a <b>Pre-auth Completion</b> .
