Who would use this guide?

You would use this guide if you perform transactions during the course of your daily business that offer Givex® gift cards. The information covered in this guide is exclusive to Givex transactions. For further information on your terminal capabilities, please refer to the Merchant Guide online at www.TDMerchantSolutions.com/ResourceCentre.

Givex gift cards

You must sign up in order to offer gift cards to your customers. If you currently don't offer gift cards and would like to, please contact the TD Merchant Solutions Help Desk at **1-800-363-1163**.

To perform a gift card transaction you must select the appropriate icon to ensure that it is processed correctly. Depending upon which TD Generation terminal you are using, the gift card icon may appear different.

Payment options

Once gift cards are activated on your terminal, you will see a new screen that reflects gift card as well as all other available payment options. To the right is an example as there may be other options available to you based on your set up.

Financial Transactions

- Depending on your terminal settings, you may be required to enter a supervisor ID and password to proceed with any transaction.
- If the customer's receipt has a signature line on it, the customer **must** sign it.
- Manual gift card number entry can be disabled to enhance your business' security while remaining active for the Balance Inquiry and Activation functionality. Please call the TD Merchant Solutions help Desk to modify these settings.

The TD Generation Portal 2 terminal can perform the following gift card transactions:
